# City of Sierra Madre Notice of Public Hearing

#### PROPOSED WATER RATES

Notice is hereby given that at 6:30 PM on July 13, 2010, in the Council Chambers located at City Hall, 232 West Sierra Madre Bl., Sierra Madre, CA 91024, the City Council of the City of Sierra Madre will consider the revision of its schedule of water rates.

The City imposes its water rates in order to fund the City's costs of operating and maintaining the water system, as well as to pay off the costs of improvements to that system. Water rate proceeds may not be used by the City for any other purpose. The proposed water rates were calculated by the City in order to evenly spread applicable costs amongst water users according to the cost of providing service to that user.

At the hearing, the City Council will consider rate schedules for Fiscal Year 2010-11, and for each of the subsequent four years. The amount charged to each customer is proposed to be based on two components: (i) a fixed bimonthly charge based on the size of the customer's meter and (ii) a "commodity charge" based on the amount of water consumed. A complete proposed rate table is printed on the back of this notice.

<sup>\*</sup> Based on 19 ccf of water use for 5/8" Meter, 25 ccf of water use for 3/4" meter and 34ccf of water use for 1" Meter (ccf=100 cubic feet, or 748 gallons)

### Your Opportunity to Get Involved

You are invited to present oral or written testimony to the City Council at the public hearing. You may also present the city with a written protest against the proposed charges. Protests may be mailed to:

City Clerk, City of Sierra Madre 232 West Sierra Madre Blvd., CA 91024

Any formal written protest must be received prior to the close of the public testimony portion of the hearing. If written protests against the proposed charges are presented by a majority of water customers or owners of parcels subject to the rates, then the City Council will not impose the proposed rates. A complete copy of the City's guidelines for the tabulation of protests can be found on line at: http://cityofsierramadre.com
