

Movie Reviews by Sophia Duran & Stephanie Vitale

Midnight in Paris

Starring Owen Wilson, Rachel McAdams & a score of actors in cameo appearances

Sophia: Brilliant movie; Woody Allen at his best.

Stephanie: Woody's back after years of mediocre films with a *radiant* "love letter"

to Paris that is deliciously clever, effervescent and sweet.

Sophia: Wilson was absolutely charming; he flourished as an actor in this movie.

Stephanie: Owen Wilson is charming as the guileless Allen "alter ego;" Rachel

McAdams embodied the role of his snarky fiancé to perfection.

Sophia: Perfect casting in all the cameos; I really believed I was seeing the

real deal.

Stephanie: The slew of brilliant, tongue-in-cheek satirical cameos are hilarious;

it's obvious everyone had a blast making this film.

Sophia: Stunning art direction. Wish I'd seen it on the big screen.
