Rebate Program Guidelines

- The rebate amount will be \$1.00 per square foot of turf removed. The maximum rebate will be \$1,000 per property parcel or per property owner.
- Rebates will be provided on a first-come first-served basis, beginning 7:30 am on Monday, December 8, 2014.
- Rebates will apply only to turf removed from private property yard areas visible from the street. Rebates do not apply to parkways or back yards.
- Applications must be submitted by the property owner, and approved by City Staff before turf is removed. Do not begin the turf removal until you receive notification from City Staff that you have been approved for the program.
- The rebate will not be retroactive; the program does not apply to properties where turf has already been removed.
- Turf must be removed within 45 working days of the date of application approval in order to qualify for the rebate. Applicants who delay turf removal shall forfeit their claim to a rebate and applicants on the waiting list will be moved up on the list.
- The rebate will be issued by City check, after City Staff has verified that the turf has been removed, and after all Guidelines have been followed.

I acknowledge that the purpose behind this rebate program is to incentivize the removal of turfgrass in order to permanently reduce potable water consumption city-wide. As owner of the property located at the aforementioned address, I agree that the turf removed under this rebate program shall not be replaced with turf for the duration of my ownership of the subject property. I agree to sign a Release of Claims and Indemnification before the rebate is issued.
